

Healthcare & Rehabilitation

- **Hearing screening camps** in villages (school + community based)
- Early identification of conditions like Hearing Loss, speech delay, and developmental disorders
- Referral pathways for advanced care (district hospitals, cochlear implant centers)
- Distribution of assistive devices (hearing aids, speech therapy kits)
- Awareness about conditions like Autism Spectrum Disorder and intellectual disability

Education & Skill Development

- Bridge schooling for dropouts
- Special education support for children with disabilities
- Digital literacy programs (basic computer + smartphone use)
- Vocational training (tailoring, basic electronics, agriculture-based skills)

Disability Support & Inclusion

- Assist families in getting UDID cards, disability certificates, pensions
- Community-based rehabilitation (CBR models)
- Parent training programs
- Inclusive education advocacy in local schools

Livelihood & Economic Empowerment

- Self-help groups (SHGs) for women
- Micro-enterprise support (dairy, poultry, handicrafts)
- Financial literacy (banking, loans, insurance)

Awareness & Preventive Health

- Campaigns on hygiene, maternal health, and nutrition
- Screening for chronic diseases like Type 2 Diabetes and anemia
- Substance abuse awareness

Government Scheme Facilitation

- Help people access schemes like:
 - Ayushman Bharat
 - Disability pensions
 - Scholarships

Research & Data Collection

- Conduct rural epidemiological studies on communication disorders
- Publish data on access gaps
- Develop India-specific tools (like QOL scales, screening protocols)
